

# ANUGRAH SATHYAPAL

## SUMMARY

I'm a dedicated and highly motivated computer science student with a strong foundation in computer science principles and a passion for innovation in technology, committed to contributing to cutting-edge projects, solving complex problems, and making a meaningful impact by collaborating with a dynamic team to drive technological advancements.

## EDUCATION

### College of Engineering Chengannur

B.Tech Computer Science Engineering  
2020 – 2024

### Bhavans Vidya Mandir, Thrissur

Senior Secondary, Computer Science  
2018 – 2020

## SKILLS

Python

HTML

CSS

MySQL

Django

## CERTIFICATIONS

- Web Development**  
Acmegrad IIT Bombay,  
Oct 2022–Nov 2022

- Python Basics**  
HackerRank

## PROJECTS

### Blood Donation Management System

Feb 2023 – Jul 2023

- It is a website on blood donation management.
- It successfully provided a platform that facilitates easy and fast access to blood supplies for both donors and recipients.

### Project Management System

Oct 2023 – Mar 2024

- This is an app that streamlines the entire project lifecycle, from inception to completion, by providing a centralized platform for students, guides, and administrators.
- It was successful in providing a centralized platform for efficient project management.

### Sudoku Solver

Oct 2023

- Developed a Sudoku solver using Python, which implements a backtracking algorithm to find solutions for any given Sudoku puzzle.
- Successfully created an efficient and accurate tool that can solve Sudoku puzzles in real-time, demonstrating strong algorithmic and problem-solving skills.
